

TITANIUM CORPORATION INC.

(A Development Stage Company)

UNAUDITED INTERIM FINANCIAL STATEMENTS

**FOR THE NINE MONTHS ENDED
MAY 31, 2008**

MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying unaudited interim financial statements of Titanium Corporation Inc. (A Development Stage Company) were prepared by management in accordance with Canadian Generally Accepted Accounting Principles. The most significant of these accounting principles have been set out in the August 31, 2007 audited financial statements. Only changes in accounting policies have been disclosed in these unaudited interim financial statements. Management acknowledges responsibility for the preparation and presentation of the unaudited interim financial statements, including responsibility for significant accounting judgments and estimates and the choice of accounting principles and methods that are appropriate to the Company's circumstances.

Management has established processes, which are in place to provide them sufficient knowledge to support management representations that they have exercised reasonable diligence that (i) the unaudited interim financial statements do not contain any untrue statement of material fact or omit to state a material fact required to be stated or that is necessary to make a statement not misleading in light of the circumstances under which it is made, as of the date of and for the periods presented by the unaudited interim financial statements and (ii) the unaudited interim financial statements fairly present in all material respects the financial condition, results of operations and cash flows of the Company, as of the date of and for the periods presented by the unaudited interim financial statements.

The Board of Directors is responsible for reviewing and approving the unaudited interim financial statements together with other financial information of the Company and for ensuring that management fulfills its financial reporting responsibilities. An Audit Committee assists the Board of Directors in fulfilling this responsibility. The Audit Committee meets with management to review the financial reporting process and the unaudited interim financial statements together with other financial information of the Company. The Audit Committee reports its findings to the Board of Directors for its consideration in approving the unaudited interim financial statements together with other financial information of the Company for issuance to the shareholders.

Management recognizes its responsibility for conducting the Company's affairs in compliance with established financial standards, and applicable laws and regulations, and for maintaining proper standards of conduct for its activities.

NOTICE TO READER

The Company's independent auditor has not performed a review of these financial statements in accordance with standards established by the Canadian Institute of Chartered Accountants for a review of interim financial statements by an entity's auditor.

1. Nature of Business and Basis of Presentation

Titanium Corporation Inc. ("Titanium" or the "Company") was formed by articles of amalgamation under the Business Corporations Act (Ontario) on July 24, 2001. The Company is engaged in the business of developing a commercial separation process for the recovery of heavy minerals and bitumen from oil sands tailings (the "Oil Sands Project"). The Company is considered to be in the development stage as it has yet to earn any revenues and it is devoting substantially all of its efforts toward development of this process.

To fund its Oil Sands Project development activities, the Company has raised equity capital. Total cash and short term investments amounted to \$21,673,819 at May 31, 2008. In addition to its investment in pilot facilities in Regina, Saskatchewan, to further its development program, the Company has constructed and operated on-site pilot facilities at an oil sands site near Fort McMurray, Alberta. The facilities are utilized on a test basis to process oil sands froth treatment tailings, taken directly from the tailings pipeline. The processing of heavy mineral concentrate by separation into valuable heavy minerals, primarily zircon, is being tested at the Company's Regina facilities. Process design and testing is on-going.

Following the successful completion of development and testing, the Company's business plan is to commercialize minerals and bitumen recovery from tailings at open pit oil sands mining and extraction sites. As such, in the course of commercialization, the Company will require agreement to long term access to tailings from oil sands operators to achieve its business plan. Additional funding will be required for commercialization and Management believes that funding will be available. While it has been successful in the past, there can be no assurance that it will be able to raise sufficient funds in the future.

2. Summary of Significant Accounting Policies

The unaudited financial statements have been prepared in accordance with Canadian Generally Accepted Accounting Principles ("GAAP") for interim financial information. Accordingly, they do not include all of the information and notes to the financial statements required by GAAP for annual financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Net losses for the three and nine month period ended May 31, 2008 may not necessarily be indicative of the results that may be expected for the year ending August 31, 2008.

The balance sheet at August 31, 2007 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by GAAP for annual financial statements. The interim financial statements have been prepared by management in accordance with the accounting policies described in the Company's annual financial statements for the year ended August 31, 2007. For further information, refer to the financial statements and notes thereto included in the Company's annual financial statements for the year ended August 31, 2007.

Titanium Corporation Inc.
(A Development Stage Company)
Notes to Interim Financial Statements
Nine Months Ended May 31, 2008
(Expressed in Canadian Dollars)
(Unaudited)

2. Summary of Significant Accounting Policies (Continued)

Foreign Currency Translation and Transactions

The Company employs the temporal method of translation for its integrated operations. Under this method, monetary assets and liabilities are translated at the period-end rates and all other assets and liabilities are translated at applicable historical exchange rates. Revenue and expense items are translated at the rate of exchange in effect at the date the transactions are recognized in income, with the exception of amortization which is translated at the historical rate for the associated asset. Realized exchange gains and losses and currency translation adjustments are included in income. The Company does not have any self sustaining operations.

Government Grant

The Company periodically receives financial assistance under government incentive programs. Government assistance relating to research and development costs is reflected as a reduction of the related expenses.

Financial Instruments, Comprehensive Income and Hedges

The Canadian Institute of Chartered Accountants ("CICA") issued Handbook Sections 3855, "Financial Instruments – Recognition and Measurement", 1530, "Comprehensive Income", 3861 "Financial Instruments - Disclosure and Presentation" and 3865, "Hedges". These new standards are effective for interim and annual financial statements relating to fiscal years commencing on or after October 1, 2006 on a prospective basis; accordingly, comparative amounts for prior periods have not been restated. The Company has adopted these new standards effective September 1, 2007.

Section 3855 prescribes when a financial instrument is to be recognized on the balance sheet and at what amount. It also specifies how financial instrument gains and losses are to be presented. This Section requires that:

- All financial assets be measured at fair value on initial recognition and certain financial assets to be measured at fair value subsequent to initial recognition;
- All financial liabilities be measured at fair value if they are classified as held for trading purposes. Other financial liabilities are measured at amortized cost using the effective interest method; and
- All derivative financial instruments be measured at fair value on the balance sheet, even when they are part of an effective hedging relationship.

Section 1530 introduces a new requirement to temporarily present certain gains and losses from changes in fair value outside net income. It includes unrealized gains and losses, such as: changes in the currency translation adjustment relating to self-sustaining foreign operations; unrealized gains or losses on available-for-sale investments; and the effective portion of gains or losses on derivatives designated as cash flow hedges or hedges of the net investment in self-sustaining foreign operations.

Titanium Corporation Inc.
(A Development Stage Company)
Notes to Interim Financial Statements
Nine Months Ended May 31, 2008
(Expressed in Canadian Dollars)
(Unaudited)

2. Summary of Significant Accounting Policies (Continued)

Financial Instruments, Comprehensive Income and Hedges (Continued)

Section 3861 establishes standards for presentation of financial instruments and non-financial derivatives, and identifies the information that should be disclosed about them. Under the new standards, policies followed for periods prior to the effective date generally are not reversed and therefore, the comparative figures have not been restated except for the requirement to restate currency translation adjustment as part of other comprehensive income. Section 3865 provides alternative treatments to Section 3855 for entities which choose to designate qualifying transactions as hedges for accounting purposes. It replaces and expands on Accounting Guideline 13 "Hedging Relationships", and the hedging guidance in Section 1650 "Foreign Currency Translation" by specifying how hedge accounting is applied and what disclosures are necessary when it is applied.

Under adoption of these new standards, the Company designated its cash and cash equivalents and short-term investments as held-for-trading, which are measured at fair value. The Company's marketable securities are designated as available-for-sale and are presented at market value with the gain or loss realized in the accumulated other comprehensive income. Accounts receivable and prepaid expenses are classified as loans and receivables, which are measured at amortized cost. Accounts payable and accrued liabilities are classified as other financial liabilities, which are measured at amortized cost.

Impact upon adoption of sections 1530, 3855, 3861 and 3865

The Company has evaluated the impact of sections 1530, 3855, 3861 and 3865 on its financial statements and determined that no adjustments are currently required.

Future Accounting Changes

Capital Disclosures and Financial Instruments – Disclosures and Presentation

On December 1, 2006, the CICA issued three new accounting standards: Handbook Section 1535, "Capital Disclosures", Handbook Section 3862, "Financial Instruments – Disclosures", and Handbook Section 3863, "Financial Instruments – Presentation". These new standards are effective for interim and annual financial statements for the Company's reporting period beginning on September 1, 2008.

Section 1535 specifies the disclosure of (i) an entity's objectives, policies and processes for managing capital; (ii) quantitative data about what the entity regards as capital; (iii) whether the entity has complied with any capital requirements; and (iv) if it has not complied, the consequences of such non-compliance.

The new Sections 3862 and 3863 replace Handbook Section 3861, "Financial Instruments — Disclosure and Presentation", revising and enhancing its disclosure requirements, and carrying forward unchanged its presentation requirements. These new sections place increased emphasis on disclosures about the nature and extent of risks arising from financial instruments and how the entity manages those risks.

The Company is currently assessing the impact of these new accounting standards on its financial statements.

Notes to Interim Financial Statements
Nine Months Ended May 31, 2008
(Expressed in Canadian Dollars)
(Unaudited)

2. Summary of Significant Accounting Policies (Continued)

Future Accounting Changes (Continued)

International Financial Reporting Standards ("IFRS")

In January 2006, the CICA's Accounting Standards Board ("AcSB") formally adopted the strategy of replacing Canadian Generally Accepted Accounting Principles with IFRS for Canadian enterprises with public accountability. The current conversion timetable calls for financial reporting under IFRS for accounting periods commencing on or after January 1, 2011. On February 13, 2008 the AcSB confirmed that the use of IFRS will be required in 2011 for publicly accountable profit-oriented enterprises. For these entities, IFRS will be required for interim and annual financial statements relating to fiscal years beginning on or after January 1, 2011.

The Company is currently assessing the impact of converting to IFRS.

3. Government Grant

On March 28, 2008, the Company was awarded a \$3.5 million Energy Innovation Fund Grant (The "Grant") from the Province of Alberta to allow the Company to continue its research into the value added opportunities and environmental benefits of recovering hydrocarbons and heavy minerals from oil sands tailings streams. Titanium is matching the value of the Grant which represents half of the total program expenditure of \$7 million for a two year project (the "Project"). The Grant will be recognized in income on a matching basis as the Company incurs expenditures on the Project.

Restricted cash represents \$3.5 million of government grant proceeds which will be used to settle applicable expenditures related to the contract.

The Company has issued a Letter of Credit to the Province of Alberta in relation to the Grant, which will allow the Province of Alberta to recover the balance of funds advanced under certain circumstances. The Letter of Credit is secured by the restricted cash, and will reduce as expenditures are incurred.

4. Capital Stock

The Company is authorized to issue an unlimited number of common shares.

Common Shares	Number of Shares	Amount
Balance, August 31, 2007	56,207,651	\$ 47,968,417
Exercise of stock options for cash	101,666	203,699
Reallocation from contributed surplus relating to the exercise of stock options	-	128,775
Balance, May 31, 2008	56,309,317	\$ 48,300,891

Titanium Corporation Inc.
(A Development Stage Company)
Notes to Interim Financial Statements
Nine Months Ended May 31, 2008
(Expressed in Canadian Dollars)
(Unaudited)

5. Contributed Surplus

The following table reflects the continuity of contributed surplus relating to stock options:

Balance, August 31, 2007	\$ 7,385,444
Stock-based compensation expense	500,197
Stock-based compensation charged to research and development costs	149,333
Options exercised	(128,775)
Balance, May 31, 2008	\$ 7,906,199

6. Common Share Purchase Plan

The Company has a stock option plan (the "Plan") which is restricted to directors, officers, key employees and consultants of the Company. The number of common shares subject to options granted under the Plan (and under all other management options and employee stock purchase plans) is limited to 6,000,000 common shares in the aggregate, and with respect to any one optionee, to 5% of the number of issued and outstanding common shares of the Company at the date of the grant of the option. Options issued under the Plan prior to February 26, 2003 may be exercised during a period determined by the board of directors which cannot exceed five years. All options granted subsequently under the Plan vest and become exercisable by the holder over a period of 18 months, with 1/6 of the options being granted vesting at the end of each 3 month period following the grant.

The following table reflects the continuity of stock options for the nine months ended May 31, 2008:

	Number of Stock Options	Weighted Average Exercise Price
Balance, August 31, 2007	2,430,000	\$ 2.60
Options granted	1,300,000	2.09
Options exercised	(101,666)	2.32
Options expired/cancelled	(548,334)	2.75
Balance, May 31, 2008	3,080,000	\$ 2.16

Titanium Corporation Inc.

Notes to Interim Financial Statements
Nine Months Ended May 31, 2008
(Expressed in Canadian Dollars)
(Unaudited)

6. Common Share Purchase Plan (continued)

The following table reflects the stock options outstanding as of May 31, 2008:

Expiry Date	Weighted Average Exercise Price (\$)	Options Outstanding	Weighted Average Remaining Life (Years)	Options Vested	Weighted Average Exercise Price (\$) (Vested)
2009	1.94	290,000	0.79	290,000	1.94
2010	3.33	800,000	1.78	800,000	3.33
2011	2.41	720,000	3.04	707,500	2.40
2012	2.21	520,000	4.55	99,167	2.19
2013	2.00	750,000	4.74	125,000	2.00
		3,080,000			2,021,667

During the nine months ended May 31, 2008, 1,300,000 (May 31, 2007 - 500,000) stock options were granted by the Company. As at May 31, 2008, \$974,025 (May 31, 2007 - \$470,325) pertaining to unvested stock options remained to be expensed.

The following stock options were granted during the nine months ended May 31, 2008:

Expiry Date	Exercise Price(\$)	Weighted Average Fair Value(\$)	Number
November 19, 2012	2.00	1.11	75,000
December 21, 2012	2.25	1.04	475,000
February 25, 2013	2.00	0.91	750,000
		0.96	1,300,000

The fair value of the 1,300,000 options granted has been estimated at the date of grant using a Black-Scholes option pricing model, using the following assumptions: a weighted average risk free interest rate of 3.69%; volatility factors of the expected market price of the Company's common stock of 47.0% - 61.3%; and an expected life of 5 years.

7. Basic and Diluted Loss Per Common Share

The basic loss per share is computed by dividing the loss for the period by the weighted average number of common shares outstanding during the period. Diluted loss per share is the same as basic loss per share. The effect of stock options on the net loss is anti-dilutive and therefore, basic loss per share is equal to diluted loss per share.

The following table sets forth the computation of basic and diluted loss per share:

	Three Months Ended		Nine months Ended	
	May 31	May 31	May 31	May 31

8. Related Party Transactions

Auxilium Corporation ("Auxilium")

The Company entered into an agreement with Auxilium, a corporation controlled by a director, to provide the services of President and Chief Executive Officer. The agreement is for one year, commencing February 23, 2008, during which time Auxilium will be paid \$275,000 per year plus a \$12,000 per year vehicle allowance and a performance bonus as determined annually by the Board of Directors. The Company was charged \$215,775 (May 31, 2007 - \$215,250) as well as a performance bonus of \$137,500 (May 31, 2007 - \$137,500) during the nine months ended May 31, 2008 by Auxilium.

Harbour Capital Corporation ("Harbour")

Under the terms of a consulting agreement which expired on August 31, 2007, \$25,000 was paid to Harbour during the first nine months of fiscal 2007 to provide the services of Executive Chairman. Harbour is a company that was controlled by a director of the Company. No comparable amount was paid to Harbour in the first nine months of fiscal 2008 as the director and Executive Chairman resigned effective August 31, 2007.

These related party transactions were in the normal course of operations and were measured at the exchange amounts.
